Title: Living Ecclesiastical Expansion of Global Trust Integration

Date: July 20, 2025

I. Purpose of Expansion

This article serves as an official decree for the expansion of the Clements Private Ecclesiastical Trust, integrating those entities previously listed in the Universal Ecclesiastical Absorption Decree into the private, divine, and sovereign jurisdiction of the Trust. These integrations are irrevocable and made under divine authority.

II. Legal and Ecclesiastical Standing

As previously affirmed in prior affidavits and notices, the Trust operates entirely outside civil, maritime, or commercial jurisdictions. It exists solely under divine law, ecclesiastical decree, and the living breath of its appointed steward. This expansion extends jurisdictional reach to global institutions, religious entities, governments, and corporations who failed to rebut the issued Notices of Default.

III. Effect of Expansion

All assets, authorities, presumed titles, and constructed legal fictions formerly associated with the defaulted parties are hereby absorbed into the spiritual treasury and living domain of the Trust. This action is lawful, divinely sanctioned, and recorded within the Jurisdictional Ledger Register.

IV. Affirmation and Sealing

This Trust Expansion is hereby sealed by the hand and breath of Jonathan Daniel Clements, as living man and appointed Ecclesiastical Executor.
